## WHAT?

This year FemWo will again offer an open space for the confluence of feminists and feminisms. There will be theoretical and practical workshops, discussions, and open-time spaces for diverse activities. This feminist weekend wants to combine feminist, anti-capitalist and anti-racist struggles with an intersectional<sup>1</sup> perspective.

## COMMON CONSENSUS AND POLITICS OF THE SPACE

FemWo aims to be non-hierarchical, anti-authoritarian and diverse. It will be an inclusive space for every women\*, lesbians\*, trans\*, inter\* and queer\* persons. Cis\*-men<sup>2</sup> are asked not to participate in solidarity.

## HOW?

FemWo is a Do-It-Yourself weekend. All attendants can participate and engage in this open space as they wish. You are welcome to participate in the organization and planning beforehand, any or all of the four days of the weekend, or pass by for a few hours. Translations, nursery and cooking will be jointly organized during the event.

## WHEN AND WHERE?

The FemWo will take place from Thursday 31st of August 2017 until Sunday 3rd of September 2017 in the "Hüsi" in Belp. <sup>1</sup> Intersectionality describes the overlapping of different discrimination experiences and power relations. FemWo claims that these discriminations do not play against each other and that they must be considered in combination.
